PROFESSIONAL SUMMARY

Detail-oriented accounting student pursuing an Associate of Science in Accounting at Southern New Hampshire University (3.89 GPA, Spring 2026 Honor Roll). Hands-on experience managing invoicing, payment processing, and financial recordkeeping for a small business. Proficient in Excel, QuickBooks, Stripe, and the Microsoft 365 suite. Actively seeking to expand practical bookkeeping experience through community volunteer work.

EDUCATION

Southern New Hampshire University *Online*

Associate of Science in Accounting — In Progress

- Cumulative GPA: 3.89
- Honor Roll — Spring 2026
- Relevant Coursework: Financial Accounting, Managerial Accounting

EXPERIENCE

Soundwave Studios *2013 – Present*

Sturgis, MI | Freelance Sound Engineer (2013–2020) → Owner / Account Representative (Jan 2026–Present)

- Manage the full invoicing and payment-processing cycle for client projects using Stripe, from invoice creation through payment collection and tracking
- Processed 100+ client payments and invoices over 8 months with full accuracy and no reconciliation discrepancies
- Maintain organized financial records for the business, including client accounts, transaction history, and payment status
- 2013–2020: Built technical audio production expertise as a freelance sound engineer using Logic Pro X and Pro Tools — the foundation for later formalizing the business

Edge Set Grinder — Midwest Tool & Cutlery *2015 – 2019*

Sturgis, MI

- Performed precision edge-grinding on cutlery products to exact tolerance and quality specifications
- Maintained consistent output and quality standards in a fast-paced manufacturing environment
- Built a strong foundation in attention to detail and adherence to process standards — skills directly transferable to accuracy-driven accounting work

ADDITIONAL EXPERIENCE

Photographer / Videographer — Freelance *2016 – 2021*

Provided professional photography and videography for weddings, events, venues, and music videos; edited footage using Adobe Photoshop, Premiere Pro, After Effects, and Final Cut Pro.

SKILLS

Technical: Microsoft Excel (advanced), Microsoft Word, Microsoft 365 Suite, QuickBooks (proficient), Stripe, HTML/CSS/JavaScript, LaTeX, VS Code

Bookkeeping Knowledge: Transaction entry, expense categorization, spreadsheet maintenance and reporting, bank and credit card reconciliation, receipt organization, financial statement preparation, records cleanup and organization

ADDITIONAL INFORMATION

- Actively seeking local volunteer bookkeeping opportunities to further build hands-on accounting experience
